During fiscal year 2007, Sumter Regional Hospital, as operated by the Authority, was destroyed in a tornado. The Americus-Sumter County Hospital Authority (Authority) entered into a lease and transfer agreement which included the construction of a new hospital facility. The Authority has received proceeds from the Federal Emergency Management Agency (FEMA) and the Georgia Emergency Management Agency (GEMA) for a portion of the construction costs of the new Hospital and intends to pursue further reimbursement from FEMA and GEMA to the fullest extent possible. It is anticipated, based on guidance received from an independent consultant, that the project audits are likely to be conducted by FEMA and GEMA once all outstanding claims are closed, which could result in demand(s) to

.... Second, and only after adequate provision for the funding of the first bullet point, the funds can be used to fund physician development in the Hospital's service area.

.... Third, and only after adequate provision for the first two bullet points above, the funds can be used by the Hospital for any purposes permitted under the lease and transfer agreement.

Also in accordance with the Amendment, the Hospital agreed to establish a separate account to hold the sum of \$4,000,000 of the above funds until the conclusion of the expected FEMA and GEMA audits to ensure the immediate availability of funds to repay any amounts finally determined to be owed to FEMA and GEMA as a result of the audits. Should the \$4,000,000 not be sufficient to repay any amounts due to FEMA and GEMA, the Hospital agrees that it will pay in full and fully indemnify the Authority for all related sums finally determined to be owed to FEMA and GEMA.

The Amendment states that the adequate provision of both the FEMA and GEMA fund repayment and the adequate provision to fund physician development are

**Part XIII Supplemental Information** (continued)

to be determined at the sole discretion of the Hospital. Per a Hospital Board of Directors resolution dated November 1, 2016, the Hospital believes the \$4,000,000 is adequate provision for the repayment of the FEMA and GEMA funds. Also, based on the current and long-term physician development plan, coupled with the requirement that the Hospital chief executive officer report on the efforts and results of physician development at each Board of Directors meeting, and the requirement that the Hospital's Board of Directors approve the budget and strategic plan each year, the Hospital believes this constitutes adequate provision for the funding of physician development.

**Part X - FIN 48 Footnote**

The Hospital is a not-for-profit corporation that has been recognized as tax-exempt pursuant to Section 501(c)(3) of the Internal Revenue Code.

The Hospital applies accounting policies that prescribe when to recognize and how to measure the financial statement effects of income tax positions taken or expected to be taken on its income tax returns. These rules require management to evaluate the likelihood that, upon examination by the relevant taxing jurisdictions, those income tax positions would be sustained. Based on that evaluation, the Hospital only recognizes the maximum benefit of each income tax position that is more than 50% likely of being sustained. To the extent that all or a portion of the benefits of an income tax position are not recognized, a liability would be recognized for the unrecognized benefits, along with any interest and penalties that would result from disallowance of the position. Should any such penalties and interest be incurred, they would be recognized as operating expenses.

**Part XIII Supplemental Information** (continued)

Based on the results of management's evaluation, no liability is recognized in the accompanying balance sheet for unrecognized income tax positions. Further, no interest or penalties have been accrued or charged to expense as of July 31, 2018 and 2017 or for the years then ended. The Hospital's tax returns are subject to possible examination by the taxing authorities. For federal income tax purposes, the tax returns essentially remain open for possible examination for a period of three years after the respective filing deadlines of those returns.

The prioritization of significant health needs of the community is identified and the methodology for prioritizing each need is described on pages 13 and 14 of the 2016 CHNA.

Facility 1, Phoebe Sumter Medical Center, Inc. - Part V, Line 5

Members of the internal assessment team performed nine (9) key leader interviews. The purpose of the key leader interviews was to gather information, gain knowledge and receive input regarding health issues facing the organization's service area. The interview selection process was careful to include representation that reflects the make-up of patients receiving services in the organization's service area (religious, business, political, public health, the elderly, physicians and afterschool programs). Eleven (11) other participants, all members of the Americus Rotary Club, received modified written versions of a survey and completed during an official meeting.

Also, approximately 100 invitations were sent out to individuals in the community with almost half accepting and participating in one of two input sessions. The community input sessions were also held to review data and provide feedback on the community's view of priorities. Participants were asked to make a list of ideas that could improve the health and well-being of the community. The participants were then put into small groups to discuss and develop 8 to 10 ideas to bring to the whole group. Finally, once all the ideas were gathered and placed on a sticky wall, each participant had to mark 2 ideas that they considered to be significant issues facing the community. Community participants included physicians

consistent with the benefit available to employees not impacted by IRS compensation limits on defined benefit plans. The amounts reported as supplemental executive retirement compensation for eligible employees in Schedule J represent credited, but not vested, benefits, and the amounts are available in future periods to the employee subject to continuing employment. PPHS maintains ownership of the funds allocated to each participant until vesting and payment.

For a participant in the SERP prior to 1/1/2017 (a "grandfathered participant"), the first vesting date will occur on the date the participant attains five years of participation under the plan. After the initial vesting date, a grandfathered participant shall have a new vesting date once every 5 years. These additional vesting dates will occur on the 5th anniversary of each vesting date after the initial vesting date. On each vesting date, a grandfathered participant will become 100% vested in an amount equal to the participant's account balance reduced by any pay credits credited to the account for the 2 most recent plan years.

For participants initially participating in the SERP after 12/31/2016, each year's annual pay credit plus subsequent earnings and/or losses will 100% vest on that pay credits' 5th anniversary, provided that the participant remains in the continuous employment throughout the 5-year period for each annual pay credit.

If any eligible participant attains normal retirement age prior to this separation from service, they shall vest in 100% of the account balance.

Once vested, each participant shall receive a distribution of their entire vested amount within a reasonable period not to exceed 2.5 months. This distribution is treated as reportable compensation to the participant and is included in Part II, Column B(iii). Therefore, Part II, Column B(iii) includes prior year SERP deferrals previously reported in Part II, Column C. Any distribution amount included in Part II, Column B(iii) that was previously reported in prior periods as deferred compensation in Part II, Column C is disclosed in Part II, Column F. The following participant vested and received payment of SERP benefits in the 2017 calendar year.
