# Join Us & Play Yellow for Kids!

Years ago, Craig Smith attended church with Jack and Barbara Nicklaus. At age 11, Craig was diagnosed with Ewing's Sarcoma. One day, Jack called Craig to check in on him and they began a relationship. Following a tournament victory, Craig told Jack that he had won because he was wearing his lucky yellow shirt. Inspired by the yellow shirt, Jack began wearing yellow on Sundays as a symbol of support for Craig's battle.

On a very special Sunday in 1986, Jack won his sixth Masters' Tournament at the age of 46 wearing his yellow golf shirt. Jack continues to carry on Craig's legacy with "Play Yellow," and hopes you will join him in his efforts to save the lives of children.

Led by Jack and Barbara Nicklaus, the PGA TOUR and Children's Miracle Network Hospitals, "Play Yellow for Children's Hospitals" strives to bring the entire golf world together to help the 10 million kids treated at local children's hospitals each year.

Phoebe Foundation is thrilled to host our first Play Yellow Charity Golf Tournament to help our local infants and kids treated at Phoebe.

This premier tournament is held at the prestigious Doublegate Country Club. We hope you will join us and Play Yellow for kids!

As a Children's Miracle Network hospital, Phoebe is dedicated to providing state-of-the-art care and preventative education for children, 24 hours a day, 365 days a year. Since 1997, Children's Miracle Network supporters have raised more than \$4.5 million to provide specialized equipment, education, and programs to help babies and children treated at Phoebe. From life-saving equipment in our Emergency Center and NICU, to life-enhancing toys in the Pediatric Unit playroom, every child needing Phoebe's care has benefitted from funds raised through Children's Miracle Network.

We are excited to share that funds raised at this year's Play Yellow Charity Golf Tournament will be used to provide funding for our Neonatal Intensive Care Unit expansion project. This expansion will allow Phoebe to better serve our 22-county service area here in Southwest Georgia. The new NICU unit will contain 40,000 square feet in a proposed expansion on our main campus. It will feature semi-private rooms to accommodate 50 infants and their families in a more private setting. All rooms will have windows and light, which regulate circadian patterns to stimulate growth and weight gain, and an early warning system that will generate scores based on risk to assist clinicians with care. The NICU will offer overnight accommodations for parents who live outside our immediate area. In short, this new unit is needed and will help us to continue caring for our smallest patients here at Phoebe.

***Thank you for making a BIG impact on TINY lives!***
