Part X - FIN 48 Footnote

The Hospital is a not-for-profit corporation that has been recognized as tax-exempt pursuant to Section 501(c)(3) of the Internal Revenue Code.

The Hospital applies accounting policies that prescribe when to recognize and how to measure the financial statement effects of income tax positions taken or expected to be taken on its income tax returns. These rules require management to evaluate the likelihood that, upon examination by the relevant taxing jurisdictions, those income tax positions would be sustained. Based on that evaluation, the Hospital only recognizes the maximum benefit of each income tax position that is more than 50% likely of being sustained. To the extent that all or a portion of the benefits of an

Part XIII Supplemental Information (continued)

income tax position are not recognized, a liability would be recognized for the unrecognized benefits, along with any interest and penalties that would result from disallowance of the position. Should any such penalties and interest be incurred, they would be recognized as operating expenses.

Based on the results of management's evaluation, no liability is recognized in the accompanying balance sheet for unrecognized income tax positions.

Further, no interest or penalties have been accrued or charged to expense as of July 31, 2018 and 2017 or for the years then ended. The Hospital's tax returns are subject to possible examination by the taxing authorities.

For federal income tax purposes, the tax returns essentially remain open for possible examination for a period of three years after the respective filing deadlines of those returns.

Members of the internal assessment team performed ten (10) key leader interviews of approximately 30 to 60 minutes in length. The purpose of the key leader interviews was to gather information, gain knowledge and receive input regarding health issues facing the organization's service area. The interview selection process was careful to include representation that reflects the make-up of patients receiving services in the organization's service area (religious, business, political, public health, the elderly, and after school programs).

A community input session was also held to review data and provide feedback on the community's view of priorities. Fourteen (14) individuals participated in the input session. Participants were asked to make a list of ideas that could improve the health and well-being of the community. The participants were then put into small groups to discuss and develop 8 to 10 ideas to bring to the whole group. Finally, once all the ideas were gathered and placed on a sticky wall, each participant had to mark 2 ideas that they considered to be significant issues facing the community. The session included community participants such as: community volunteers; medical professionals; representatives from Southwest Georgia Council on Aging, and Worth County Chamber of Commerce.

The amounts reported as supplemental executive retirement compensation for eligible employees in Schedule J represent credited, but not vested, benefits, and the amounts are available in future periods to the employee subject to continuing employment. For a participant in the SERP prior to 1/1/2017 (a "grandfathered participant"), the first vesting date will occur on the date the participant attains five years of participation under the plan. After the initial vesting date, a grandfathered participant shall have a new vesting date once every 5 years. These additional vesting dates will occur on the 5th anniversary of each vesting date after the initial vesting date. On each vesting date, a grandfathered participant will become 100% vested in an amount equal to the participant's account balance reduced by any pay credits credited to the account for the 2 most recent plan years.

If any eligible participant attains normal retirement age prior to this separation from service, they shall vest in 100% of the account balance.
